

LAIBA AFZAL

FULL-STACK DEVELOPER
ECONOMICS & FINANCE ENTHUSIAST

SUMMARY

Frontend Developer, UX/UI Designer, and Backend Software Engineer with 3+ years of experience building responsive, scalable, and user-friendly web applications using the MERN stack (MongoDB, Express.js, React.js, and Node.js). Skilled in RESTful API development, database design, Git, and modern JavaScript. Passionate about creating high-quality digital solutions with clean code, intuitive user experiences, and efficient backend architectures.

WORK EXPERIENCE

Frontend React Developer Intern | Plural Dynamics (2020 - 2023)

Developed and optimized responsive web applications using React.js, collaborating with design and backend teams to deliver seamless user experiences. Implemented modern UI/UX designs, enhanced application performance, and resolved technical issues while following Agile development practices. Strengthened skills in React.js, JavaScript, Git, and frontend development through hands-on experience on real-world projects.

News Coverage Manager, Designer & Digital Marketing Specialist | Newscovry (2023 - 2026)

Managed all aspects of NewsCovry's digital presence, including content management and social media design, resulting in a 90% increase in audience engagement and a consistent brand identity across platforms.

Off Page SEO | Guest Posting (2023 - 2026)

Provided white-hat guest post SEO services on high-authority websites, securing niche-relevant do-follow backlinks to improve domain authority, organic traffic, and search engine rankings. Focused on ethical link-building strategies and fast delivery to support sustainable SEO growth.

Freelance Full-Stack Developer (2024 - 2026)

Worked as a freelance full-stack developer, building and deploying responsive web applications using modern technologies. Developed frontend interfaces and backend systems, integrated APIs, managed databases, and ensured performance optimization and responsiveness. Delivered end-to-end solutions tailored to client requirements while following best coding practices and maintaining clean, scalable code.
